

Quick Start Success Guide

This simple quick start guide is for you and your Travorium Partners. It's imperative for new partners to understand these basics before launching their business. Refer back to LearnThisTraining.com often to access more eBooks like this and video trainings that will help you succeed. We are here to help.

A QUICK START IS IMPORTANT TO YOUR LONG-TERM SUCCESS

The first thing you want to focus on is to enroll 3 Platinum members ASAP! Why? Your monthly subscription will no longer come out of your pocket. Your business, perks, points, and benefits will be FREE! You also rank up to Director and receive a pay raise. This action will set the tone for your business.

When you get your 3 within your first week to 30 days and get your business, perks, points, and benefits for free, your partners will want to do the same thing. Monkey see monkey do. This simple idea can help you

create momentum to grow your business to Ambassador and above. Imagine a year from now you are enrolling your 15th Platinum and you say, *“When I started, I got after it and enrolled my first 3 Platinum’s in my first 7 days.”* They will want to do the same. This story will stay with you forever and is critical to your momentum.

Travorium qualifies as a home business, and you can take advantage of all the home business tax strategies. You can save thousands of dollars every year. Tune into the tax experts to learn the details.

How do you get 3+ Platinum members quickly? It’s simple, ask your prospects to partner with you. You must be **very excited and enthusiastic!** Traveling more, better, for less, making extra income, and saving thousands on your taxes should help you tremendously! (Make sure you plug into tax professionals for guidance and proper documentation). When prospects ask you lots of questions, say, *“I know enough to be excited, but I don’t know enough to explain it.”* Introduce them to the expert leader(s) you are working with.

WHO DO YOU KNOW?

Everyone knows hundreds of people and at least 3 to 6 people that would do something with you if you just asked with energy and excitement! I learned this from Bible class decades ago. *"You have not...because you ask not."* Who are these people you can ask? They are friends, co-workers, family, partners, acquaintances, friend of friends and more.

QUESTIONS TO ASK YOURSELF:

- Who do you know that wants to Travel More, Travel Better, and Travel for less?
- Who do you know that wants to travel to Dubai in 2023, stay at a 5-star hotel for 6 days and 5 nights, breakfast is included, for only \$49 for the total stay for 2 people?
- Who do you know that wants to go to Miami, stay in a 5 Star hotel, for \$399 for 2 people?

- We show people how to travel for less, travel for free, and we earn money by showing others how to do the same.

Ask everyone you know one of these simple questions....

- I found something simple that will allow us to travel, make money meet incredible people, and get incredible tax write offs. When can we connect for 10 minutes?
- Are you open to making some extra money? (If they answer yes,) when can you be in front of a device and review a short video? You are not going to believe what I found out that's happening in the travel industry.
- I've found a travel hack that will allow you to travel more, travel better and travel for less. (Save up to 70% off when you travel) If I send you a short video will you watch it immediately? I am very excited! You will save money every time you travel. I have never seen anything like this before.

You can say this to them in person, text them or call them. You must be hyped, excited, and have some energy. They are buying your excitement at this stage of the interaction. Your job is not to do the telling and the selling, only pique them with a question and then let the videos work for you.
